### **Mission Project**

This year we will be collecting funds to help Bethesda. Bethesda is a Christian organization that provides an array of services that include homes, day programs, employment supports, faith supports, camps and educational supports to people with intellectual and developmental disabilities. Together, we can help them live the best life possible. For more information visit their website at [bethesdalutherancommunities.org](http://bethesdalutherancommunities.org).

Parents and their children are invited to attend our Sunday worship service on **July 1st at 10:00 AM**. The children will be singing song selections from VBS during the children's choir time after the children's message.
